Laura Edgar, EdD  
Vice President, Milestones Development

# ACGME Mission

The mission of the ACGME is to improve health care and population health by assessing and enhancing the quality of resident and fellow physicians' education through advancements in accreditation and education.

# ACGME Vision

- We envision a health care system in which the Quadruple Aim has been realized. We aspire to advance a transformed system of graduate medical education with global reach that is:
- Competency-based with customized professional development and identity formation for all physicians;
- Led by inspirational faculty role models overseeing supervised, humanistic, clinical educational experiences;
- Immersed in evidence-based, data-driven, clinical learning and care environments defined by excellence in clinical care, safety, cost-effectiveness, professionalism, and diversity, equity, and inclusion;
- Located in health care delivery systems equitably meeting local and regional community needs; and,
- Graduating residents and fellows who strive for continuous mastery and altruistic professionalism throughout their careers, placing the needs of patients and their communities first.

# ACGME Values

- Honesty and Integrity
- Accountability and Transparency
- Equity and Fairness
- Diversity and Inclusion
- Excellence and Innovation
- Stewardship and Service
- Leadership and Collaboration
- Engagement of Stakeholders

# ACGME Strategic Plan

# Supplemental Guide

- Purpose is to help better understand the thinking of the development group
- Offer suggestions for assessment methods and resources
- Serve as a starting point for creating a shared mental model with your CCC
- Not intended to “tell you what to do”

# Supplemental Guide

Review the Milestones with your CCC, faculty, and residents

Identify the assessment method in your toolbox that will provide the best information

Determine which rotation(s) the Milestone will be evaluated

# Supplemental Guide

With your CCC, determine what the resident would need to do/know for the Milestone at each level

Be certain that there is a shared mental model of the meaning of the Milestone and the various levels

What does YOUR PROGRAM expect to see at each level

Spend the time now, save time later!!
