Access Excellence.

# **Building on Successes**

- Utilizing the Registry to provide benchmarking on compliance with Society Practice Guidelines
- Increasing the number of QI and Research projects
- Linkages to CMS Claims Data, GUDID and Data Cleansing
  - Partnership with Symmetric Health Solutions
- Leveraging Real-World Data to work with Regulators and Industry

November 9-11, 2022 Washington, DC

## **Ongoing Challenges**

- Automated Data Abstraction
- •Market Consolidation Registry Value Pricing
- •Staffing (analytics)

•Registry Revisions: Balancing the greater number of variables to support research v. a limited set of variables to benchmark outcomes

•Adoption of New Registries

## **Finding the Proper Balance**

- Always ensure that services are in alignment with our Mission
- Balance registry form creation to serve multiple customer needs (granularity/cost of entry)
- Interaction with Industry needs to provide benefit to Patients, Regulators, Hospitals and Physicians
